

K-12 Student Bill of Rights

Administrators and teachers shall not allow a student to be hungry before being taught.

Students shall be free of fear, intimidation and humiliation from teachers, administrators and other students.

Students shall be educated by teachers that know the cognate.

Students shall be free from indoctrination.

Students shall be free to make mistakes without being stigmatized by teachers or administrators.

Students shall be free from testing that is not for the purpose of student learning.

Students shall be free to have their education needs determined and remediated without being stigmatized or humiliated.

Students shall be free to make their dreams become a reality with the help of the education system.
